

Rainworld R2 Datasheet

Sniper Ops

The R2 corebook contains very little support gear for sniper Operatives — there's the K80 sniper rifle, arguably some of the OmniHUD plugins, and...nothing.

Here's a little more love for our long-range friends.

Penfield P200					Cost: 770L
Pt Blank	Close	Medium	Long	Sniper	
		●	●		
Manufacturer: Libertaria Unicorn Ballistics					
Ammo: 8.5mm Magazine: 6 Fire: Single Skill: 2					
The Penfield P200 has an integrated folding bipod. Steadying the P200 on its bipod is an Activity; while steadied, it adds Sniper range to the gun's Optimal range bands.					

Atropos					Cost: 1500L
Pt Blank	Close	Medium	Long	Sniper	
		●	●	●	
Manufacturer: Robot Proprioception Labs					
Ammo: 12mm Magazine: 10 Fire: Single/Burst 3 Skill: 0					
A hexapod walking drone with Handling 2 and smart-matter suction feet for all-surface all-orientation positioning, the Atropos sports a grav-stabilised 12mm longarm in a pan-tilt mount, with a hyperspectral targeting sensor pod.					
Onboard support for Neurostreaming allows the remote operator to sight directly using the drone's sensorium; aim-assist features give a +1 die result bonus to Firearm Attacks made with the Atropos while Neurostreaming.					

Skeiron	Cost: 120L
Manufacturer: Wayne Norris Armouries	
This tennis-ball-sized gravitic drone integrates a precision anemometer; when deployed, its onboard ballistics correction package provides a +1 die result bonus to Firearm Attacks made outdoors at Sniper range.	

Target Acquisition TAQ-Cloak	Cost: 500L
Manufacturer: Wayne Norris Armouries	
The TAQ-Cloak is a smart-fabric active camouflage covering for reducing your visibility.	
<ul style="list-style-type: none">▶ While moving, the camouflage becomes ineffective.▶ When still, roll Subterfuge whenever someone might detect you.▶ Step your die size down if they witnessed your last movement; otherwise, step your die size up.▶ They can only find you if your roll fails.▶ The camouflage loses effectiveness, and you must attempt to re-establish Subterfuge, if they witness you move.	

Midnight Special	Cost: 520L
Manufacturer: Goku Cybernetics	
The Midnight Special is a cyberware replacement eye, supplied singly; it replaces 1 box of Body. Designed to seamlessly integrate with all leading smartgun and aim-assist systems, it provides a +1 die result bonus to Firearm Attacks.
